DOOMED MURDERERS

End of Two Celebrated Murder Trials.

FIRST DEGREE SENTENCES.

Rev William F Pettit Goes to the Indiana Penitentiary for Life, While Edw Blair Will Probably Be Hung in the Ohio Penitentiary.

CRAWFORDSVILLE, Ind., Nov. 21.—In the murder trial of Rev. William F. Pettit, which has been occupying the attention of the court for the last month, the jury yesterday rendered a verdict of guilty of murder in the first degree, and sentenced Pettit to the penitentiary for life.

MR. AND MRS. PETTIT.

Rev. William F. Pettit is one of the known clergymen in Indiana. He was a leading divine in the recent Meth. dist conference and is grand prelate of the grand commandery, Knights Templar, of Indiana. He was until recently pastor of the Shawnee Mound church, near Lafayette, Ind. In July last his wife died in convulsions and was buried at West Monroe, N. Y. There was much talk concerning the manner in which she died, and the body was finally exhumed. It is said that traces of strichine were found in her stomach.

The Rev. Mr. Pettit was, jointly with Mrs. Emma C. Whitehead, widowed member of his congregation, charged with murdering Mrs. Pettit, and indicted by the grand jury. Mrs. Whitehead was released on \$10,000 bail, but Pettit was committed without bail. They both declared their innocence.

Mrs. Whitehead's case was dismissed a short time ago as it was thought that she would be an important witness against Pettit.

WILL DIE ON THE GALLows.

Edward Blair Found Guilty of Murder in the First Degree.

OTTAWA, O., Nov. 21.—At the age of 25, and after a criminal career hardly equaled by most vicious men of twice his years, Edward Blair apparently has reached the end of his rope.

Yesterday he was found guilty of murder in the first degree, his trial having been occupying the attention of the court for the past few days. Blair's victim was Arthur Henry, station agent of the Nickel Plate railway at Hartsburg, Putnam county, O. One day in March, Blair with two companions, now also under arrest, entered the depot at the place mentioned and attempted to rob the money drawer. Mr. Henry gallantly and successfully defended his trust, but in so doing lost his life, for Blair put a bullet through his brain. Detectives followed the assassin persistently and finally achieved their capture.

Since his 16th year Blair has been known as a highway robber, burglar, sneak thief and all round "crook." In 1889 he was sentenced to the Ohio penitentiary for a term of seven years for burglary. After serving four months he was taken to Hillsboro to appear as a witness. He jumped from a train and escaped, and the first exploit that brought him to public notice thereafter was the murder of Henry.

IN MALE ATTIRE.

Sudden Disappearance of a Woman Who Masqueraded as Boy.

KNIGHTSTOWN, Ind., Nov. 21.—About six months ago George Harris, apparently a boy of 19 or 20 years of age, came to this city and engaged in the log hauling business with Milton McCray, with whom he roomed. He later procured work as a delivery boy in M. T. Hibben's grocery store, and later filled the same place for C. C. Williams.

He has suddenly disappeared, and the fact that "he" was a female has just come to light. A few days prior to her departure she and McCray had been closely watched by citizens whose suspicions had been aroused. She played the role of a boy well, as only a few persons ever doubted the genuineness of her masculine gender. She is said to be about 30 years old, and hails from Indianapolis.

A Miller Assists.

CANTON, O., Nov. 21.—John F. Balke, mayor of this city, and one of the most prominent millers in the state, as well as vice president of the Tri-State Millers' association, assigned to Attorney William A. Lynch yesterday evening for the benefit of his creditors. His liabilities are about \$50,000 and the assets are thought to be considerably more. The failure is attributed to recent eastern fluctuations in the flour market, he having sent large consignments of flour to New York, Philadelphia and Baltimore, which have declined in price over \$1 a barrel. Assigned Lynch will operate the mill for the local trade.

Telegraph Operator Stricken.

NEW YORK, Nov. 21.—Thomas G. Kennedy, a well known telegraph operator, for many years chief operator and assistant night manager of the Western Union office in this city, was stricken with apoplexy yesterday morning and died within an hour.

NON- I W. C. T. J. Proceedings of the National Convention in Session at Pittsburgh.

PITTSBURG Nov. 21.—Election of officers occupied the time of the National convention Non-Partisan Womans' Christian Temperance Union. Mrs. Phinney, of Cleveland, O., was re-elected National president. Mrs. Harriet G. Walker, of Minnesota, vice president; Miss Duty, of Cleveland, O., recording secretary; Miss Florence Miller, of Iowa, financial secretary and treasurer.

In the afternoon reports from the evangelistic departments and reports of the financial secretary were read and adopted.

The question of a name and badge for the new league was deferred until returns from local unions are in, which is to be before the convention's final adjournment.

G. A. R. ORDERS.

Commander-in-Chief Veasey Issues Three Important Papers.

BOSTON, Nov. 21.—Commander-in-Chief Veasey, of the G. A. R., has issued general orders Nos. 5, 6 and 7. The first requires an inspection in all departments of posts not inspected previous to the last National encampment, and calls upon department commanders to take action in the matter of delinquent posts.

The second order appoints assistant inspectors in many of the departments. By the same order announcement is made that the provisional department of Oklahoma and Indian territory was organized as a permanent department last August. The third order makes announcements concerning the next encampment representation therat, etc.

Jeweler's Banquet.

NEW YORK, Nov. 21.—The sixteenth annual dinner of the New York Jeweler's association was held at Delmonico's yesterday evening. Covers were laid for 200. President Henry B. Ide occupied the chair. Among those present were ex-President Cleveland, H. E. Hastings, of Hartford; Charles W. Hammer, of Wheeling; A. P. Bigelow, of Boston; Col. Shearer, of Washington; W. H. Hennegan, of Baltimore; George B. Jaques, James H. Hart and Clement Weaver, of Philadelphia; J. Harvey Wattles, of Pittsburgh, and L. D. Cole, of Newburyport, Mass. The speech of the evening was delivered by ex-President Cleveland.

The Site Selected.

CHICAGO, Nov. 21.—At yesterday's meeting of the National commission of the world's Columbian exposition the vexatious site question was finally settled by the adoption of the report of the National committee on grounds and buildings, with but one dissenting voice.

Commissioner Mercer's. The report provides for the main portion of the fair to be located in Jackson park, the art gallery, music hall and electrical display to be placed on the lake front and Midway Plaisance, and Washington park to be used for the overflow.

Forger Captured.

UTICA, N. Y., Nov. 21.—Moses M. Marks, of Rochester, N. Y., who secured \$25,000 by express from the National Commercial bank of New York, by means of a telegram to which he forged the name of William A. Waters, cashier of the Flour City National bank of Rochester, was captured in a house of ill-fame in this city yesterday evening. Moses' satchel, containing \$24,650 of the stolen money, in the original package, was recovered. Marks had shaved off his mustache. He positively refused to make any statement.

Death's Doings.

CHICAGO, Nov. 21.—S. S. Bliss, who for years was senior partner of the largest firm of dealers in surgical instruments in the world, died at his home in Evanston yesterday. He was born in Springfield, Mass., in 1829, and in 1850, after he had graduated from the department of chemistry in a New Haven academy, he came to Chicago. About four years ago he was prostrated by an apoplectic stroke. He leaves a widow and three daughters.

Work of Burglars.

OIL CITY, Pa., Nov. 21.—Burglars entered the residence of John Anderson, of this city, last night. He had drawn \$1,000 from the bank to buy a city bond yesterday. The robbers evidently thought he had not yet made the purchase. They were mistaken. They pounded him brutally on the head, choked his wife, knocked his stepdaughter insensible, and left all tied hand and foot. They got about \$50. There is no clew to their identity.

Fire in a Hotel.

ST. LOUIS, Nov. 21.—Firemen had quite a tussle with fire which was discovered in the south wing of the Belvidere hotel at 9 o'clock last evening before it was extinguished. The guests and servants escaped injury, but many of them lost their clothing and effects. The total loss to the owners of the building which was considerably damaged by water, is \$25,000; fully insured.

Wing Shooting Match.

NEW YORK, Nov. 21.—Efforts to bring about a match between two of the best wing shooters in the world, Charles McAlister of Philadelphia, and Capt. Eliot, of Kansas City, are being made. Both are willing to shoot for \$20,000 a side, and if Capt. Eliot will agree to shoot at thirty yards' rise and fifty yards' boundary, the match may be completed within a week.

Telegraph Operator Stricken.

NEW YORK, Nov. 21.—Thomas G. Kennedy, a well known telegraph operator, for many years chief operator and assistant night manager of the Western Union office in this city, was stricken with apoplexy yesterday morning and died within an hour.

ON THE FRONTIER.

United States Troops Arrive at Pine Ridge Agency.

NO HOSTILE INDIANS IN SIGHT.

The Great Messiah Does Not Make His Appearance as Predicted—An Easter Feeling Prevailing and No Immediate Trouble Feared.

OMAHA, Nov. 21.—A Pine Ridge, S. Dak., special to The World-Herald says: Gen. Brooke and the military, a few less than 400, arrived at Pine Ridge agency at 7 o'clock yesterday morning, after the roughest forced marches ever experienced by the oldest members of the command. The troops suffered materially from the cold during the march of twenty-five miles, which was begun at 12 o'clock. The roads are so rough that several wagons were overturned on the way, and a teamster named Burke, from Fort Omaha, was buried under one of them, his hip being broken. Many long delays were caused by such accidents. There were no hostiles to meet the soldiers when they arrived at the agency, and they at once went into camp on a plateau commanding the entire valley.

Jack Red Cloud and a lot of the fanatics were at Wounded Knee, twenty-five miles away putting the finishing touches on a four days ghost dance. Yesterday was the day set for the Messiah to appear in the form of a buffalo, but no striv Messiah nor buffalo has been reported on the reservation. The Indian police have all resumed their duty. There are seldom many Indians about the agency excepting on issue days, consequently there is a lack of hostiles about the post, most all of them being down on the reservation at the various villages where they are holding their horses in defiance of the orders of the agent. The next issue day is Monday.

Two Kettle Tribe.

MINNEAPOLIS, Nov. 21.—A Pierre, S. Dak., special to The Tribune says: Capt. Norville, a special agent of the government stationed here to adjudicate Indian claims, yesterday paid a visit to the Two Kettle tribe of Sioux, living some distance up Bad river. These Indians are partly civilized and the report was circulated that they were deserting their homes to go to Hump and Big Foot's camps and join the hostiles in ghost dances. When the captain found these fellows they positively denied it and made affidavit to that effect.

The captain next waited upon Crow Eagle and "Hump" Rib, the two head men of the band, and they told the captain that emissaries had visited them from the Cherry Creek Indians, and one evening while they were having a pleasant little dance one of Big Foot's men came in and addressed them and told them about the new Christ, and how he was going to lead the Indians into happiness and destroy the whites. He said they knew this was going to happen and urged them to come over to the Cheyenne river and join with them in their ghost dances. But they told him they would not go and neither had they been there. They told the captain they wished he would have it said in the Pierre paper that they were not going to join the new Messiah craze.

Further they stated that within the past few days several of the hostiles had appeared among them, making threats that if they did not join them, enough force would be sent them at once to massacre all the Two Kettle tribes without warning. These Indians stand in great fear of the hostiles, and said they were going into hiding immediately until the Great Father sent his soldiers to protect them. The captain also learned that White Buffalo, son of Sitting Bull, who is with the Two Kettle band, had recently had his star taken from him because he would not make the arrest of an old bosom friend of his. He sent word to his father stating that he was under arrest because he was a son of Sitting Bull.

A Mandan, N. Dak., special to The Tribune says: Easier feeling prevails, and settlers are returning to their homes. A Sioux teamster in town reports the Sioux waiting for freight supplies, which were due at Fort Yates a week ago, and thinks there will be no immediate trouble.

Cordon Around the Restless Indians.

OMAHA, Nov. 21.—At army headquarters here no news has been received from Pine Ridge other than that given. It is the belief of the old Indian fighters stationed here that the bad reds now away from the reservation will break into small bands and raid and harass settlers on the edges of the reservations. Capt. Wells, in command of two troops of the Eighth cavalry from Fort Meade is at Oelrichs, with orders to move on the reservation northwest of Pine Ridge to head off stragglers. This, with Col. Smith's command at Rosebud, will complete a cordon around the restless malcontents.

Report Sent to Washington.

WASHINGTON, Nov. 21.—Acting Commissioner of Indian Affairs Bell, late yesterday afternoon, received the following telegram from Indian Agent Cooper, of the Pine Ridge agency: "Indians very much excited. Continue to dance. Gen. Brooks, with five companies of infantry, three troops of cavalry, one Hotchkiss and one Gatling gun, just arrived."

GROWING MORE SERIOUS.

WASHINGTON, Nov. 21.—Acting Commissioner of Indian Affairs Bell, late yesterday afternoon, received the following telegram from Indian Agent Cooper, of the Pine Ridge agency: "Indians very much excited. Continue to dance. Gen. Brooks, with five companies of infantry, three troops of cavalry, one Hotchkiss and one Gatling gun, just arrived."

The Indians Well Armed and Preparing to Fight for Their Religious Craze.

OMAHA, Nov. 21.—An Indian from Wounded Knee gives the information which has caused the agents and all to put on a more serious look. Coming in yesterday afternoon he reported that the hostile Wounded Knees were still carrying on their dances and that they had heard of the arrival of the military, but what is of much more importance to the agents, they have strapped on their guns and are dancing fully armed. They declare that they will meet the soldiers and will not hesitate to go into battle with them.

Reports relative to the Indians declaring their willingness to fight for their religious craze have come in frequently, but up to this time are simply rumors. This information comes direct, however, from a source which Agent Royer pronounces trustworthy, the man who carried it being one of the agency's own carriers.

"I think it is just as well that the people outside be placed in possession of the exact facts in this case," said Mr. Royer. "It is not worth while to deny further that the trouble is imminent. Every one of these hostiles is heavily loaded with ammunition, and they will use it. I have been among them before."

"What are you going to do?"

"We can do nothing yet until the interior department and the war department give instructions. What we think most advisable to do is to wait and let them play their part. They will do it, too. Bloodshed is all that will stop them now."

"That applies to stopping the dances?"

"Yes, sir, they must be stopped, of course, and soon."

Gen. Brooke himself reports it almost impossible to get new information, in fact, there is nothing more than the certain determination of the Indians to resist to the last any attempts to stop their dancing. This ghost dance has never been described. It consists of a collection of a hundred or more, generally more, Indians who form a ring around a tree within which are placed clothing and gifts for the Messiah.

A special from Pine Ridge says that there is no apparent cause for alarm at the agency. The few Indians there are walking about quietly, stoically indifferent to the presence of the troops. There is an anxious feeling among the whites however. Special Agent Cooper arrived from Winfield, Kas., this morning.

A Battle Reported.

CHICAGO, Nov. 21.—Gen. Miles has just received word that the troops under Gen. Brooks had a fight with the Indians yesterday afternoon between Rushville and Pine Ridge. The extent of the casualties and the result of the engagement has not yet been learned.

Asking Protection.

OMAHA, Neb., Nov. 21.—A Cheyenne, Wy., special to The World-Herald, says: The report that the Indians were coming through the Powder river country in Wyoming from the Pine Ridge to the Shoshone agency has caused the people of northern Wyoming to ask for the retention of the two companies of troops at Fort McKinney, who were under orders to proceed to Pine Ridge, and Governor Warren has asked that the troops be retained. In response to his request a company of infantry will be retained at McKinney. The cavalry going to Pine Ridge, and Fort Russell troops are still waiting orders to move. The Indians in Wyoming are causing no trouble and none is anticipated.

VALUABLE PAPERS STOLEN.

CHICAGO Real Estate Dealer Victimized to the Extent of \$100,000.

CHICAGO, Nov. 21.—John Keller, the millionaire real estate dealer, who has an office on South Halstead street, was robbed of a tin box containing over \$100,000 worth of deeds, notes and mortgages and other collateral Wednesday evening. The story of the robbery is a strange one and indicates plainly that the robbery was planned with great care and executed in a most dexterous manner.

Mr. Keller left his office in the afternoon to make a number of business calls. He left the office of the Northern Trust company with the tin box and drove to several other business places. By 7 o'clock he arrived at a wholesale meat market on the West Side. He was inside about fifteen minutes and when he returned the tin box, which he had left in the rear of the buggy box, was gone.

Mr. Keller jumped into the vehicle and drove rapidly to the Desplaines station where he reported the robbery and offered a reward of \$500 for the return of the box. Capt

FRIDAY, NOVEMBER 21, 1890

JUDGE HARRELS, of Fleming, wanted the Court of Claims to increase his salary from \$500 to \$600 a year, but the Magistrates wouldn't listen to it. He has appealed to the Circuit Court. Five hundred a year is a mighty small salary these days.

THE CON. CO. has created a new office, that of Commissioner of Agriculture, Labor and Statistics, and has adopted a section which provides that all State officers—including the Secretary of State—shall be chosen by the people every four years.

THE convicts now employed on the different railroads and other public works throughout the State, are being returned to Frankfort, and about the middle of next month a large portion of them will be transferred to the Eddyville penitentiary. And the authorities ought to see that they are kept there. The "pen" is the place for the convicts.

THE CON. CO. has decided to leave the pardoning power just where it is—in the hands of the Governor, giving him full power to pardon, both before and after trial, but requiring him to keep in his office a public record of such acts, together with the reason therefor, which shall be at all times open to inspection. This pardoning before conviction is like putting the cart before the horse.

THE approaching contest for the Democratic nomination for Governor promises to be one of the liveliest witnessed in Kentucky for many years. Three candidates are already in the field—Hon. John Young Brown, of Henderson, Hon. C. M. Clay, Jr., of Bourbon, and Dr. John D. Clardy, of Christian, all good men. Others may enter the race, but the standard-bearer will probably be one of the three herein named.

A MANUFACTORY was located not long ago in a little out-of-the-way town, and when the proprietors go to make a shipment by rail they will find the goods will have to be transferred before they have gone ten miles. These men have done a very foolish thing. They could have located just as easily in Maysville, where they would have had all the advantages of transportation by rail and river, and besides that have had abundant protection from loss by fire, something they do not possess where they are at present. If you want a splendid location for an enterprise you can find it right here in Maysville—as good as can be had anywhere in all this broad land. Come to Maysville.

Depew versus Sherman.

If Senator Sherman doesn't look sharp and hold his tongue the American people will soon be putting him down as an arrant demagogue. He was blowing around a few days ago about the present panicky condition of the money market and said it was partly due to the recent big Democratic victory. Chauncey M. Depew is quite as prominent a Republican as Senator Sherman and he gives an entirely different reason, and sensible, unbaised people will say Mr. Depew is correct. In a speech at a banquet given the other night by the leading merchants of New York he said:

The events of the past few days have developed a peril suspected but never felt. We sell to Europe hundreds of millions of dollars worth of breadstuffs, provisions and live stock. They are consumed by the people abroad, and the money pays the expenses of our farming, opens new fields to the plow, gives us capital for business and surplus increases our national wealth. We sell other hundreds of millions of dollars worth of cotton which goes into garments which are worn out across the sea, and that money comes back to still further add to our prosperity and richness. We sell other hundreds of millions of railroad stocks and bonds. That money goes into roadbed and rolling stock, and by no process can be turned again into cash. Suddenly a financial cyclone struck London, Paris, Berlin, Vienna, Frankfurt, Argentines, Turks, Egyptians, cannot be sold. Then their bankers and investors pour upon us an avalanche of our stocks and bonds, and say, "Take back your securities and return your money." We find we have made a call loan and must take up the collateral. Within the past few weeks we have stood the strain of the re-purchase of all our bonds and stocks which Europe desires to sell. It was a fearful test, but it has superbly demonstrated the strength of our financial situation, the soundness of our credit and the permanence of our prosperity.

THE Maysville Republican takes the defeat of the G. O. P. so gracefully that he ought to be let alone or get a medal. "Here we are," he says, "spinning around among the wreckage as it were" * you go ahead with your old 52d Congress and pass the appropriations."

There is, however, a temptation too strong to be resisted—to remark with what remarkable unanimity the Republican mind dwells upon appropriations. The Democratic party will not, however, "go ahead and pass the appropriations." The bad condition of the treasury, which the Democrats left full and will find empty, and the impoverished condition of the people tax-ridden by tariff taxation, must be and will be carefully considered. And, after due consideration, and with economy for the watch-word, the Democratic House will pass the appropriations—not before. —Covington Commonwealth.

LEADING Republican papers of the West are calling loudly for a repeal or a modification of the McKinley bill. It looks to be split on the tariff question. The old ship, or what's left of it, is in danger of being lashed to pieces on the rocks.

For the Farmer.

Last year we imported cattle subject to duty worth \$550,887 and exported \$90,000,000 worth of dead meat, and \$16,618,917 worth of beef on the hoof. What good is the increase of duty in the McKinley bill going to do the farmer?

We imported no hogs and exported 45,128 live ones; of what use is it to increase the duty?

We imported 178,851 pounds of butter and exported 15,404,978 pounds; we imported 8,207,026 pounds of varieties of cheese not made here, and eaten only by epicurean immigrants, and we exported 84,999,823 pounds; we imported 2,401 bushels of corn and exported 69,592,929 bushels; we imported no corn meal and exported 312,181 barrels; we imported 130,649 bushels of wheat and 1,156 barrels of flour, and we exported 46,414,129 bushels of wheat and 9,374,803 barrels of flour.

There isn't a farmer in the country who supposes that increasing our duties on these products is going to increase the prices.—Exchange.

MAJOR D. T. COCKERILL, of Blythe has been appointed Adjutant at the Soldier's and Sailor's Home, at Sandusky, Ohio, at a salary of \$1,000 a year. He leaves about the 15th of next month to assume charge of the position.

AN amendment has been proposed to the Kentucky State Constitution which prohibits ministers from becoming candidates for Governor.—Georgetown News-Democrat.

You're off, there. The amendment is to allow preachers to become candidates.

THERE are 255 white and 199 colored votes in Maysville.—Ripley Bee.

You mean that many registered. The above figures represent only about two-thirds of the voters in this city.

COVINGTON has been getting \$5,000 a year from saloon license, but the newly elected council has been stirring things up and the city's revenue from this source will most likely be increased to \$20,000 a year. The authorities have taken the hint from Huntington and Charleston, W. Va., and will spend most of the \$20,000 in paving her streets with granite and brick. A good idea. There's nothing like having good streets.

The Oddfellows' will arrange a handsome library and reading room in the west apartment on the second floor.

MINER'S AXIMS

Those who rush too precipitately from one error, are apt, in their haste, to stumble across another.

Try a middle course.

There are dealers who vociferously announce that they are going to give you everything for nothing. There are dealers who calmly inform you that their reputation is costly and that they are going to charge you for it. Your experience with the cheap Johns drives you, perhaps, to the confessedly high price shoe man.

Content lies not in extremes.

You want good honest shoes and you don't want to pay too much for them. Try Miner's. They take too much pride in their reputation to sell you any part of it for money, but they believe that, having dealt with them you will add to their reputation by praising the high quality of their shoes and the moderate prices at which they are sold.

The Miners claim that you can obtain better goods at lower prices in their store than you can anywhere else. They back the statement with a long business career. Remember this: Not a pair of shoes has ever been sold from Miner's under false representations.

What better card than the truth?

SELLING GOOD SHOES.

INCOMPREHENSIBLE.

Why you will exchange your old sewing machine and pay a difference of \$40 or \$50 when you can have it repaired and made as good as new? All kinds repaired and warranted. Twenty-five years experience. Leave with E. H. Thomas, 39 Second street, custom boot and shoe store.

DR. KOCH'S LYMPH.

An Article on How it is Prepared.

GREAT DEMAND FOR THE LIQUID

Several Eminent Physicians Endorse the New Discovery After a Thorough Test. Other Events That Occurred in the Old World.

BERLIN, Nov. 21.—In an article on the subject of Dr. Koch's cure for tuberculosis, The Frank Courier states that the lymph used is prepared in an incubating stove within a space that is hermetically sealed and sterilized, and thereby rendered free from fungus. The interior of the air-tight space is divided by an unglazed porcelain diaphragm into an upper and lower section. In the upper section is placed a salted meat broth in a gelatinous state, containing colonies of tubercle germ. This mass gradually liquifies, and the gelatin liquid drops slowly through the porcelain plate into the lower section. The liquid then contains all the secretory products, but is free from all living or dead germs, or reproductive spheres, and is the lymph as used.

Dr. Virchow, the celebrated physician, presided at a meeting of the medical society yesterday. He made an address in which he defended Dr. Koch against the charge of having prematurely published the facts regarding the great discovery. Professor Virchow stated that Dr. Koch first informed the medical congress recently held in Berlin and the disclosures he then made were in compliance with the urgent request of the committee in congress and Dr. Vongossler, Prussian minister of ecclesiastical affairs, education and medicinal affairs.

To-morrow's number of The German Medical Weekly will contain an article signed by Drs. Bergmann, Fraenzel and William Levy and staff Surgeon Koehl, in which they declare that after many experiments in many different cases, they are prepared to fully endorse Professor Koch's statements regarding his remedy.

Some of the evening papers warn the public against the illusions entertained by many regarding the efficacy of Koch's remedy. They also complain that the stock of lymph is being exhausted.

The Tageblatt says that Koch's procedure so far is open to severe criticism, because he has only given his lymph to a few collaborators who he could thoroughly trust to follow his instructions, while the great scientific establishments and hospitals are excluded from the benefits of the discovery. The Tageblatt considers that the dissatisfaction among medical men and the many patients who are anxious to submit to the treatment is quite justified, and declares that the present arrangements must be altered.

The demand for the Koch syringes is so great that the manufacturers are unable to fill all their orders.

Herr Steiner, the celebrated tenor of Friedrich Winckel's theater, who is suffering from lupus of the face, was introduced at yesterday's meeting of the medical society twelve hours after receiving an injection of the Koch fluid.

War Predicted.

LONDON, Nov. 21.—Mr. Chaplin, member of parliament and a member of the cabinet, said in a speech at Gloucester the other night, that "a civil war would be the most certain result of the adoption of Mr. Gladstone's views in Ireland." Lord Claude Hamilton declared that "whatever happened in the south and southwest of Ireland, they in Ulster did not intend to be governed by a Parthenopean crew."

Resigned His Office.

LONDON, Nov. 21.—Prince Volkonski, the assistant minister of public instruction in Russia, has resigned because he cannot agree with the reactionary policy of the cabinet in connection with the persecution of the Jews, the abrogation of popular rights in Finland, etc.

Boarding Houses Boycotted.

LONDON, Nov. 21.—The Seamen's and Firemen's union has resolved to boycott the boarding houses in Cardiff and other places, where the masters are engaged in organizing free labor associations.

Eight Persons Poisoned.

BEAVER FALLS, Pa., Nov. 21.—A startling report comes from Clinton, a small place a few miles north of here, to the effect that a case of wholesale poisoning has started that town. It is said eight persons have been poisoned—a man and his wife, two children and four brothers. Particulars have not yet been learned, but it is known that at least one man is dead, while others are dangerously ill. Coroner Watson has been hastily called out there and nothing definite will be known until he returns, as Clinton is out of the reach of telegraph and telephone.

Fish Dynamiters Arrested.

COLUMBUS, Ind., Nov. 21.—John Parkinson and Thurman Beck, of Hartsville, this county, were arrested early Wednesday by a deputy sheriff and put under \$100 bonds each, on the charge of dynamiting fish in Clifty creek some time ago. They fired two charges of the explosive, killing a large amount of fish. The reports were heard for some distance, and several persons rushed to the river bank, where the law-breakers were recognized.

Feather-Weight Fight Arranged.

BUFFALO, Nov. 21.—Articles have been signed for a finish fight between Ed. Gorman, of this city, and an unknown, who is backed by Robert Wright, of Detroit. Both men are feather-weights. The fight will be for \$1,000 a side with four ounce gloves, and will take place in this vicinity about Christmas.

Family Troubles End in Death.

CHARLOTTE, Mich., Nov. 21.—Edwin Seabott, a day laborer, shot his wife early yesterday morning and then committed suicide. The woman is alive and may recover. Family troubles are probably the cause of the shooting.

OUR NEIGHBORS.

MAYSVILLE.

We have had copious showers and plenty of them of late. Sprouts and backbones have not put in an appearance yet. Our town has been very quiet since the grand jury has adjourned.

Peter Fulton lost his first and only child last week. It was buried in Washington.

The weather is quite warm for the time of the year. Grass is growing like in the spring time.

Mrs. Mary D. Howe has been quite poor for some weeks, though not confined to her room.

We have a young man in this place that is so nimble that he is almost constantly on the shuffle.

Several droves of turkeys passed through here last week, looking forward to Thanksgiving.

Geo. W. Prather, who has been suffering with a cancer, is now quite low and may pass away at any moment.

Isaac Manley, who was thought a short time back to be improving, is really no better. We learn his recovery is doubtful.

Thos. H. Paynter went on a boom. Those wanting pensions send in your papers. Thomas will put them through.

Mrs. Rebecca Clary left on the K. C. Tuesday morning to spend a few weeks with friends in Cincinnati and Covington.

The corn in the crib and in the shock is damaging very much by so much warm and wet weather. It is just like summer time.

Miss Anna Myall, one of our queenly little ladies, left last Tuesday morning for Cincinnati to spend a few weeks among friends.

The cold weather that has been talked of and predicted by the weather prophet has not come along yet. Perhaps it may come by and by.

Last Tuesday was a lovely day. The mercury was up to 75° in the sun. Fine time for bushing corn. J. A. Jackson has the gloves for the bushlers.

John Tanner, of Bourbon, and Benj. F. Marshall, of Washington, were guests at the Stonewall House a few days since. They were buying grazing cattle.

Bud Guillioy died Nov. 14th at 2 o'clock. He was a young man of steady habits. His late, Coul Guillioy, told the writer that he never heard him take God's name in vain. We deeply sympathize with the bereaved family. This is the second case of the family buried since they came in our midst. Such is life. The old must die and the young may. How important that all should take the matter to heart and be ready when the summons comes.

HELENA.

The chicken pox is prevalent in this neighborhood.

R. M. Harrison moves to Bethel, Bath County, next week.

Quarterly meeting at the M. E. Church, South, Saturday and Sunday.

Dan Roe and Thomas Webster and wife were in the Orangeburg neighborhood this week attending their brother in his last illness, and who departed this life Tuesday, the 13th. The writer was personally acquainted with Charles Roe, the deceased. He was a young man of exemplary habits and well loved by all who knew him.
